Notes from the editor

Hello once again my Brothers and Sisters of recovery!

There has been some updates since this was written please e-mail bosewell@earthlink.net for more info

Ok I am so sorry about how late this issue has come out. I have had some life on life's terms come about and I have come threw to the other side ... I hope...

Any way, There is so much to report this month I don't know if I will have enough space But I will do my best.

This month I was reading over the latest issue of NAWS news to see what kind of propaganda they are trying to throw at us and I came across this one statement that got me a little pissed of. It pissed me off so much that I wrote this to the world board "Dear World Board, In your last issue of NAWS news you made this statement "many of us enjoy buying a coffee beverage which may cost $5.00. Now if a member was willing to forego that treat once a week and invest in our vision, that person would have $260.00 in a year to freely give to help carry the message" Many of the addicts in this fellowship work very hard to make the money for that single cup of coffee, for some of us it is a treat every payday, which for some of us is every other week. Many of those same addicts make much less then $200,000+++ every year like our executive director makes.

Maybe the paid employee's at NAWS (eg. Anthony E, Steve R ect) should in good faith show the fellowship that they are willing to cut their salary by 15% to help the fellowship. Maybe this action would start a trickle down effect!

My home group in no way shape or form will support your complete disregard for the Traditions. We have yet to buy literature from you we print our own, We have in over a year not sent any funds to area because they support NAWS. When the world board and NAWS start to listen to the groups and not your own agenda we will then come to another group conscience about what we want to do with our funds, until then we will continue to host free events with the funds we collect." Please send the world board a little reminder that we are not happy with the direction they are taking the fellowship their e-mail address is worldboard@na.org

PI _ get word out to doctors that a drug is a drug and drug replacement is not clean

H&I _ encourage local task forces to inform local Drug Court of our program and attendance requirements: i.e., we welcome people who may be addicts and family members to our open meetings, Self_admitted addicts welcome to our closed meetings only.

Activities _ to provide announcement of events, guidelines and special guidance in time of need. Provide a newsletter on web and hardcopy by subscription.

Policy _ Keep NA service member friendly and common_sensical in accord with out 12 Traditions. Abolish the 12 Concepts within the USSC and make clear they do not overrule our 12 Traditions which were clearly written to guide our service committees. May work on adaptation from AA of their 12 Concepts.

Literature _ Work on a new up_to_date recovery text to be approved through USSC and sold through USSO slightly above cost. Focus to be determined by group conscience from member regions.

Finance _ to provide solutions to handling funds, operatiing the USSC on donations from RSCs, ASCs, Groups, and Members. Find ways to avoid expenses since literature will no longer be an income item.
The BOT will collect and publish written historical materials to clarify the application of our 12 Traditions and further our primary group purpose.
The USSO will operate from an inexpensive central location with a website, P.O. Box, email address and possibly Face Book virtual information desk.

Ideas and suggestions welcome! * Ideas and suggestions welcome!
*LET YOUR FRIENDS KNOW ABOUT THE PROPOSED US SERVICE CONFERENCE

NOTHING GOOD HAPPENS UNLESS GOOD PEOPLE TAKE ACTION.

Under the NAWS proposed service structure there is no need for group conscience because their decisions are bases on consensus of a few members. That will eliminate the 9th tradition totally and will no longer follow a model of democracy. It will operate similar to Fascist type of government and that is totally opposite of what the 2nd Tradition stands for (they do not govern).

I wish I was not in my seventies and had the energy and weekly pay check so I could go day and night for this cause because it the only way to save the NA that saved my life. I hope the younger people will get involved and see the seriousness of what is happening. However I will do what I can..... In Loving Service Vito L

US SERVICE CONFERENCE

All standing committees linked to member RSC and ASC sub_committees.

_ We do hereby establish a service conference to respond on request to member RSC's, ASC's and NA Groups in USA (alternate NASC if Canada joins and/or Mexico). Includes Puerto Rico, Alaska, Hawaii and Virgin Islands.

*"I want to be on the mailing list!" - Connecticut

*"Keep me posted on the formation of a US Service Conference, I am very interested. With the maturity of our individual recoveries and the distinction detected by the color of our hair or lack thereof, we can exemplify the expansion of our experiences in recovery like the widening of all our belt sizes. Looking back, i am forever reminded of how blessed I am to have been part of something that provided me "an end to the lonneness and gave me a sense of direction". It would be wonderful to provoke some thought around how that translates into the comtemporay framework of our fellowship today. In other words, without the first tradtion, we loose the ability to help the newcomer, and without that we can't help ourselves." - Pennsylvania

*"Yes Bo, count me in." - So. Florida
*"Keep me posted." - Ohio
*"Hey, Man, this is some great stuff...I would love to be included in the loop that helps formulate/initiate our USSC..that gives back to our fellowship ! Being the 'trusted servant' as we should be AND will be!!" - Alabama
*"Didn't know there was anything going on.... I have been upset w/the way things go in this fellowship... too much change has created problems. It must be simple and not complicated to keep addicts clean." - Kansas
*"I live in Wichita, Kansas and would be happy to be a local resource in making this "Gathering of the Fellowship" a reality. Also, my wife, also a member of NA, stays at home with our two young children so she could offer some assistance as well. I think this is a fantastic idea. Thank you for your service to Narcotics Anonymous." - Kansas
*"simply sunil says yes too ..." - Mumbai, India
*" Please keep me in the informational loop... " - Florida
*"Count me in please." - North Dakota
*"I'm gonna get me a computer!" - Memphis
*"Yes _ of course I do." - North Carolina
*"Keep me informed of progress and issues, thanks! - Maryland
*"Send it our way." - Washington, DC

PLANNING SESSION

A planning session to consider the Plan of Action (please input to this!) and enjoy a face-to-face gathering could be held during the "Spiritualy High in the Land of the Sky" held January 7, 8 and 9th in Ashville, North Carolina. Is this a good time for you to attend? Yes___ No___

US FELLOWSHIP ASSEMBLY

A site for the US Fellowship Assembly has been located in Wichita, Kansas. Planning Friday, Saturday and Sunday.

A. One hotel has a large room available (seats 250 people) on the first weekend in March and they will give it to us at $500 per day and then $250 on Friday night. They will give us a $95 per night room rate and a discounted parking of $3.00 per day for those driving in. They also have a free shuttle service for those flying in.
B. Another hotel quoted me for the last weekend in February $400 per day meeting space, that would be the ballroom. and a room block of 50 at $89 per night.
We need feedback on which place we want the larger, more expensive or the less costly. Please let us hear from you... A___ B___
A word from Vito:
I think Fellowship Assembly is a good name. However I think US Fellowship Assembly would be better description. Although we are part of a world Wide fellowship, we need to focus on US issues. The rest of North America can be included if they choose to join us and a name change can then happen. I am glad to see support coming from all over.
Some how the grass roots must spread to a few regions who want to participate in dialog. Once a few regions endorse the concept, it will begin to spread like wildfire. The key is to draw regions into idea of taking the US fellowship back. There will be a few regions like the Florida Region will take a stand against it. Their propaganda machine is already up and running. I believe the South Florida Region would be open to dialog because they stand on traditions and spiritual principles.
Let me state I don't believe in us and them. I do not hate the world but I believe that they sold out the US Fellowship in the 1980's to spread the fellowship world wide at the expense of taking away principles of the US fellowship and giving the principle of total abstinence away in favor dollars from literature sales to professionals and addicts who are on drug replacement therapy and no desire to get clean. I believe that USSC and BOT must be established out of love for the fellowship and not hate of WSO/NAWS. There must be a place for group conscience to go on US issues.
