THE N.A. BASIC TEXT--COMPARISONS, APPROVAL FORM THROUGH FIFTH EDITION

The following pages depict the full series of changes from edition to edition of the Basic Text.

APPROVAL FORM

In November 1981, the approval form of Chapters One through Ten of the Basic Text were released to the fellowship. In February 1982, the approval form of forty-seven personal stories intended for publication in the Basic Text were released to the fellowship. At the May 1982 meeting of N.A.'s World Service Conference, the Basic Text was approved.

FIRST EDITION

The First Edition (Red and Blue Covers) was officially released on April 27, 1983 by the World Service Office, using the name of C.A.R.E.N.A. Publishing Company. The following are two paragraphs that appeared in the Approval Form; the italicized text was removed prior to the publication of the First Edition.

From the essay on Tradition Four: "Are we truly autonomous? What about our service committees, our offices, activities, hot-lines, and all the other things that go on in N.A.? *The answer is that these things are not N.A.* They are services we utilize to help us in our recovery and to further the primary purpose of our groups. Narcotics Anonymous is a Fellowship of men and women, addicts meeting in groups and using a given set of spiritual principles to find freedom from addiction and a new way to live. *All else is not N.A.* Those things we mentioned are the result of members caring enough to reach out and offer their help and experience so that our road might be easier. *Whether we choose to utilize these services is up to the group."*

From the essay on Tradition Nine: "The Ninth Tradition goes on to define the nature of the things that we can do to help N.A. It says that we may create service boards or committees to serve the needs of the Fellowship. *None of them has the power to rule, censor, decide, or dictate.* They exist solely to serve the Fellowship, *but they are not a part of Narcotics Anonymous.* This is the nature of our service structure as it has evolved and been defined in the N.A. service manual."
